Explanation of Responses:

1. As described in the registrant's registration statement on Form S-1 (File No. 333-251162) under the heading "Description of Securities--Founder Shares", the shares of Class B common stock will automatically convert into shares of Class A common stock at the time of the registrant's initial business combination on a one-for-one basis subject to certain adjustments and have no expiration date.

2. These shares represent the Class B common stock held by 7GC & Co. Holdings LLC (the "Sponsor"), acquired pursuant to a subscription agreement by and between the Sponsor and the registrant. The Class B common stock owned by the Sponsor includes up to 750,000 shares that are subject to forfeiture in the event the underwriters of the initial public offering of the registrant's securities do not exercise their over-allotment option in full as described in the registrant's registration statement. The reporting person is a managing member of one of the managing members of the Sponsor. As such, he has voting and investment discretion with respect to the common stock held of record by the Sponsor and may be deemed to have shared beneficial ownership of the common stock held directly by the Sponsor and disclaims any beneficial ownership of the reported shares other than to the extent of any pecuniary interest he may have therein, directly or indirectly.
